

OVERVIEW

MEDITECH Services

Maximize the Value of your MEDITECH Investment
With expert end-to-end services from an operator perspective.

> WHY CERECORE?

- + Proven success implementing and optimizing across all MEDITECH platforms
- + Complete lifecycle of services from assessment and planning, to managed services and ongoing support
- + Backed by a team of highly experienced, READY-Certified MEDITECH experts, clinicians, and operators focused on empowering patient care.
- + Find rapid return on investment through Core Solutions: fixed-scope or fixed-fee services that address specific MEDITECH pain points including automated testing, regulatory implementation, and release management.

Operator Expertise, MEDITECH Experience, Patient Care And Partnership Focused

Our legacy is in operating MEDITECH-based facilities and providing clinical care using every version and platform of MEDITECH. Our comprehensive services are based on deep knowledge of the MEDITECH architecture, understanding the impact of technology on care providers, and leveraging the value of MEDITECH for hospital and ambulatory operations. Our dedication to patient care lives on through leveraging our unique perspective and skillsets and make us a true partner for maximizing your MEDITECH investment.

End-to-End Services That Help You Focus On What You Do Best

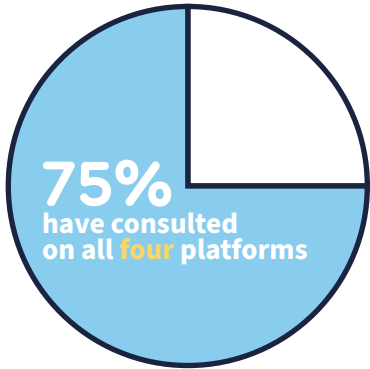

We focus on pragmatic, cost-effective solutions that help you focus on what you do best, patient care.

Registered Health Information Administrator (RHIA)	RN
Certified Professional Coder	cPHMIS
Doctor of Osteopathic Medicine (DO)	CPhT
Dedicated Chief Medical Information Officer (CMIO)	Medical Technologist (ASCP)
	Medical Laboratory Technician (ASCP)
	Pharm.D

FULLY READY-CERTIFIED PARTNER SINCE 2015

Our team is READY-Certified in all areas and supports best practices through the use of our own licensed copy of MEDITECH Expanse.

"From start to finish, CereCore provided the expertise, insight and guidance to assist us with a successful, on time go-live. I would highly recommend their team and services to any organization. Not only did CereCore exceed our expectations with project management and subject matter experts required of MEDITECH's READY implementation, they also had a pool of specialty resources readily available to assist in several additional areas of the Expanse system."

ABOUT US

CereCore® provides EHR implementations, IT and application support, managed services, technical staffing, and CIO advisory services to hospitals and health systems nationwide. Our heritage is in the hallways of some of America's top-performing hospitals as leaders in technology, operations, data security, and clinicians. We bring our unique perspective as hospital operators to every client engagement because we know firsthand the power that aligned technology can provide in delivering care.
