

# OVERVIEW

## MEDITECH Services

Maximize the Value of your MEDITECH Investment  
*With expert end-to-end services from an operator perspective.*

---

### > WHY CERECORE?

- + Proven success implementing and optimizing across all MEDITECH platforms
- + Complete lifecycle of services from assessment and planning, to managed services and ongoing support
- + Backed by a team of deeply experienced, READY-Certified MEDITECH experts, clinicians, and operators focused on empowering patient care.
- + Find rapid return on investment through Core Solutions: fixed-scope or fixed-fee services that address specific MEDITECH pain points including automated testing, regulatory implementation, and release management.

### Move Your Organization Forward With The Right MEDITECH Partner

When implemented and optimized for the way you care for patients, MEDITECH is the heart that vitalizes your organization. With us, you'll find a true partner who understands how to utilize MEDITECH to move your organization forward, maximize system value, and empower patient care with technology.

### End-to-End Services That Help You Focus On What You Do Best

Our MEDITECH services are designed to meet the unique needs of hospitals with MEDITECH solutions with services that address all stages of operating a MEDITECH EHR platform. We focus on pragmatic, cost-effective solutions that help you focus on what you do best, patient care.

**Implementation and Upgrades** – We focus on user adoption with planning, deployment, workflow design, project management and at-the-elbow support that aligns technology with how you deliver patient care.

**Lifecycle and Optimization** – We focus on sustainability with services that help you stay up to date, assess functionality and optimize, and manage change with testing and validation.

**Training** – We focus on your success with training solutions delivered on-site, remote-learning, as well as documentation.

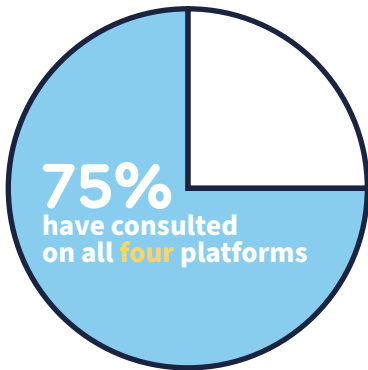

**Support** – We focus on outcomes through a cost-effective, per-incident cost model that controls support costs and drives high customer satisfaction.

**Technical Services** – We focus on quality with expert services for reporting, regulatory compliance, integration, automation, hosting, and other data services.

## > OUR EXPERIENCE

CereCore's MEDITECH services are delivered from a team of deeply experienced clinicians, power-users, and hospital operators that share an unyielding commitment to patient care. Our team's unique background in delivering clinical care and walking the halls of our nation's top performing hospitals gives us a unique perspective and approach to serving our customers.

### ABOUT US

CereCore® provides EHR implementations, IT and application support, managed services, technical staffing, and CIO advisory services to hospitals and health systems nationwide. Our heritage is in the hallways of some of America's top-performing hospitals as leaders in technology, operations, data security, and clinicians. We bring our unique perspective as hospital operators to every client engagement because we know firsthand the power that aligned technology can provide in delivering care.
